The Parent-Child Mother Goose Program[®] is a program for parents or caregivers with infants and young children. For over 20 years the P-CMGP has been promoting bonding, attachment, and early literacy skills through the oral tradition, using interactive rhymes, songs and storytelling. P-CMGP offers training in the program to hundreds of people working in agencies across Canada and in Australia every year.

***In a 2006 national survey the Parent-Child Mother Goose Program[®] received more 5-star ratings from service agencies than any other parent-child program in the country.**

"Best I've found – for all cultures and socio-economic groups I have found in thirty years as a public health nurse in the north. Addresses parenting infant/child development, nutrition, socialization and is the most economical of all parenting programs. My moms with post-partum depression and living in poverty flourish in Mother Goose!!!!"

- From results of National Survey, *Making Choices: Parenting and Parent-Child Programs that Fit*, published by Family Resource Programs Canada, July 2006
